## SENATE.

(Continued from Page 1.)

Lands, Internal Improvements, Agricultural, etc., on petitions and resolutions for appropriations, including \$35,000 for Queen street extension, various amounts for roads in Hilo and Kona districts, \$4,000 for Puunui avenue, \$30,000 for purchase of a cemetery site near Honolulu, \$13,000 for Kanihiki road, \$1,000 for road to Kaunakakai, \$20,000 for road from Ulupalaka, etc. They recommended that all be laid on the table to be considered with the General Appropriation and Loan Bills. In several cases, the chairman explained, the subjects had already been considered in departmental estimates, while in other cases information was lacking.

Senator Achi said the matters in question were given to the committee to find out whether the amounts were too much or too little. What the Senate wanted was facts. He introduced the Kanihiki road matter because he was asked to do so, but did not know whether the figure was right or not. The speaker went on at some length in both English and Hawaiian to instruct the committee in its duties.

Senator Baldwin sympathized with the previous speaker. Those things should be investigated. They could not get along with the Appropriation bills unless those things were previously investigated. When a petition or a resolution came in for water pipes in Nuuanu valley, it should be found out whether they were needed.

Senator McCandless replied that the committee had made inquiries of the Superintendent of Public Works. As to Queen street they were informed that more important work had precedence and in other cases no definite information could be given.

Senator Isenberg thought there were enough clerks in the department to supply any needed information. If the data were not on hand, the department engineers should be ordered to investigate the matters.

Senator McCandless said he could obtain all the information desired if the Senate authorized the committee

to incur the necessary expense. He withdrew the report.

Status of Lahaina.

Senator Achi presented a resolution instructing the Public Lands Committee to investigate, at the Registry of office, the title of Lahaina Seminary premises. He explained that if it were correct, as stated by Senator Baldwin yesterday, that Lahaina Seminary was a sectarian institution, then the appropriation of aid to that school by the last Legislature was contrary to the Organic Act.

Senator Baldwin had made inquiry about the deed from the American Board of Missions to the Hawaiian Government and was informed it was somewhat negative in tenor. The condition was to the effect that no other doctrines than those of the Protestant Church should ever be taught in the school.

The resolution was referred to the Committee on Health and Education Resolutions.

Senator Dickey presented a resolution to appropriate \$62 to reimburse the health registrar of the Third Representative District for money expended.

Senator McCandless presented a resolution to insert a sum of \$5,000 in the Loan Bill for a school at Ala or Hala. There was no school within five miles of the place.

Senator Kalaokalani presented a resolution for appropriations for various streets and roads in Honolulu, including Fort street extension and Puna road.

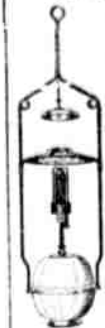

Senator Achi presented a resolution for \$5,000 for the upper portion of Kanihiki road.

Senator Wilcox presented a resolution for establishing a school at Lualaba, between Koloa and Hanalei, Kauai.

All went to appropriate committees. New Bills.

Senator Baldwin introduced a bill to incorporate the Society for the Prevention of Cruelty to Children.

Senator Paris introduced a bill to encourage the cultivation of pineapples. On motion of Senator Achi it will be incorporated with the bill to encourage the production of castor oil.

Senator Paris introduced a bill relating to the pay of jurors.

The Appropriation Bills.

Senator Baldwin called attention to the estimates for departmental expenses in the Governor's message. These ought to be considered in conjunction with the County Bill. They wanted to get at the Appropriation Bills, but could not do so without reference to the conditions that would be created by the County Bill. He moved that the Governor's estimates be referred to the Committee on Public Expenditures, with instructions to confer with the Committee on the County Bill. Carried.

Occidental Hotel Grievance.

Senator Achi moved a resolution that the Health and Education Committee investigate why the Occidental Hotel was refused a liquor license. He argued that the place had as much right to a license as the Hawaiian and Alexander Young hotels.

Senator Baldwin said the chairman of the committee named had his desk full of documents referred to that committee and if more work were thrust on him he might resign. He moved in amendment that the matter be referred to the Committee on Miscellaneous Petitions. Carried.

Federal Lazaretto.

Senator Paris offered the following: "Joint Resolution of the Legislature of the Territory of Hawaii."

"Be it Resolved, by the Senate and the House of Representatives of the Territory of Hawaii, That—

"Whereas, in the report of the committee appointed by the Senate of the United States to investigate the affairs and conditions in the Territory of Hawaii, such commission have recommended that all lepers now segregated on the island of Molokai be placed under Federal control and that all lepers on the Mainland of the United States be transported to Molokai, thereby making a portion of our Territory a national lazaretto. And

"Whereas, it is against the wishes of the citizens of this Territory that a national lazaretto be established in this Territory, and also against the wishes of the citizens now afflicted with this disease and now segregated on Molokai, that they should be placed under Federal control; and

"Whereas, this Territory has cared for its citizens afflicted with this disease in the most humane and intelligent manner, and that by careful segregation and intelligent treatment under the control of experienced physicians this disease is steadily decreasing, and that it is hoped in time will be eradicated from our shores.

"We, therefore, as representatives of the people, in Legislature assembled, do solemnly protest to and pray the Congress of the United States that this calamity be not cast upon this Territory against the will of its citizens, and, therefore

"Resolved, that this Territory shall not be used as a national lazaretto, and that no lepers be transported to this Territory, and that no lepers be placed under Federal control; and

Senator Brown moved, seconded by Senator McCandless, that the resolution be adopted. This was declared carried on a show of hands. Senator McCandless called for the yeas and nays, but President Crabbe ruled that the resolution was already carried. Three members had voted against the resolution.

On the third reading of the bill to license the retail of malt liquors, Senator McCandless moved an amendment to include the Ewa side of Alakea street within the licensing bounds. On this further consideration of the bill was deferred till tomorrow.

that it is not well to put off till tomorrow a thing that should be done today. Not a few people are putting off wearing glasses for various reasons. Some fear that glasses will make them appear old; others do not feel able to afford them, because they have an idea that they are expensive. "Our glasses are neatly put up and do not add age to your appearance. To those who are holding back on account of price we would say that we furnish good goods for little money."
